To Whom It May Concern

I am pleased to write this letter of recommendation for Martin Chamberlain, I spent two years working with Marty on a 368 unit, 5 story multifamily building and a 5 story parking structure. Since both of us worked together, I got to know his strengths – both personal and professional.

During his tenure, he was commended continuously by his supervisors due to his positive approach to work. He is passionate about construction and his talents always gave exceptional results to the project. Ballpark Apartments, which is considered one of the most successful projects for Rockwood construction, Marty was a key component to the success of that project.

As an individual, Marty was a pleasure to work with as he was both pleasant and professional at the same time, his diligence and attention to detail makes him a great team member.

Based on my experience with him, I would recommend him highly for a construction management position with your company.

Sincerely,

Jon White

Project Superintendent
